along their rows. In spite of a long dry spell in some places and heavy rains in others, results and yields were good. Weed seedlings were almost entirely controlled for several weeks after planting.

The dinitro chemical was applied by attachments on the planter which smoothed the soil over the row and applied measured amounts of the chemical in water. This controls crab-grass, pig-weed, pusley, and other seedling grasses and weeds. It does not control Bermuda grass, nut-grass, and some others.

The middles still need cultivation, but the farmer can do that when

he has time, because the rows are clean.

After testing many chemicals, the state experiment stations in Alabama and Florida have recommended the bright yellow dinitro weed killer for this use. They think it gives the farmer another good

drink with former classmate John Garrett date who is elected will be able to change last Thursday and remarked that running things around to the likings of himself and for public office was harder than farming. his backers. Voters in the county won't Sitting at the fountain, J. H. Williams have a word to say about it. heard the comment and stated, "I wouldn't do it then." After a little more discussion Williams put a stopper on the conversation by saying to Sweet, "After May 4 you won't have to do it anymore."

About 20 persons gathered around Henry Sweet's, loudspeaker to hear him blast away at Jim Folsom last Thursday. He made the familiar charge that Folsom banked \$52,000 in the four years he served as governor and demanded to know where it came from. Then he read a telegram sent to Big Jim demanding he withdraw from the race in six days or he (Sweet) would release the most damaging information ever let our against Folsom. During all Sweet's talk, the onlookers were polite listeners. The candidate didn't get any votes himself and it is doubtful if he took any away from Big Jim. One wag said, "I'll vote for Sweet if he can force Folsom out of the

VOTERS WILL SIGN BLANK CHECK Not a single candidate for Coffee County's seat in the state House of Representatives broached the issue of countywide election of commissioners at the rally at Zion Chapel last Thursday. Bill Stokes came the closest when he said he had played a part in obtaining freedom for this county but then failed to follow up his general statement with specific details. Why this issue must be fought under

cover and away from the political rallys is a mystery. Both sides have valid arguments for their stands. Stokes, along with State Senator H. B. Larkins, introduced the bill that brought the issue before the people. Yet he wont take his opponents off their fence-riding positions by challenging them to publicly state where they stand Crow gave a good talk and left the crowd on this issue. It's hurting his following be- with a favorable impression of his personal cause those against the idea of countywide voting are most certainly lined up with Heath or Griswold already. He is letting al politician after serving four terms as Pike them milk away his followers with side is- County sheriff. As has been written before,

When questioned after the rally at Zion arena and like always gave a good account Chapel, O'Neal Griswold would not state of himself. Judging from crowd reaction, he would or wouldn't introduce legislation he walked off with the decision at this rally to repeal the act requiring commissioners to be elected countywide in 1956. Mr. Griswold was asked if he did introduce such a bill, would be allow it to come before a vote of the people. The candidate would not annot publicly take a stand on the real issue in the race. If elected, he could repeal the law and not bring it before a vote of the eople. He hasn't promised anything on

Clen Heath, Enterprise, would not commit himself on the issue. He said if he was presented with a petition asking that countywide voting be repealed, he would introduce the bill into the legislature. Mr. Heath did say he would provide that the matter be voted upon. It wouldn't be an arbitrary decision by one man or one group. Every voter would get a chance to approve

### YOU KNOW WHAT FOLSOM IS FOR

**JIVARO** 

JAMES E. "BIG JIM"

★ YOU KNOW 3200 miles of new roads were built during Folsom's last administration.

\* YOU KNOY BIG JIM will continue to black top rural roads in Alabama during the next 4 years.

\* YOU KNOW the old people got more CARE, consideration and interest during Big Jim's administration than before or since. The Old People know Big Jim's their Friend.

\* YOU KNOW that the Teachers of Alabama had their salaries increased approximately \$700 without any additional taxes during Folsom's term of office; and 228 new white schools and 158 new negro schools were constructed.

\* YOU KNOW 221 new industries located in Alabama during Jim Folsom's term as your Governor, and that hasn't been surpassed before or since.

★ YOU KNOW that BIG JIM FOLSOM was YOUR Governor.

\* YOU KNOW WHAT HE STANDS FOR.

★ YOU KNOW Why it's FOLSOM by a LANDSLIDE ON MAY 4th.

(Pd pol. adv. by Coffee Co. committee for Jim Folsom, Sam Sawyer, secretary)

**NEWS AND CARTOON** 

This is the 1954 Chevrolet Bel Air 2-Door

#### Sedan. With 3 series, Chevrolet offers a model to meet every individual and family need. These facts about the New Chevrolet can help you make an important decision

Don't you agree that buying a new car calls for careful transmission and optional on all Now you can have Chevrolet's zippy consideration? Regardless of make, it involves a substantial amount of money and a lot of future satisfaction. This information can give you a better idea of comparative value and help you decide which make to buy.

A good customer of ours was telling interior as well as the strength and as the other day how he sizes up a ew car. Because he's bought a numper of them over the years, we were interested in what he had to sav. We think you will be, too.

Actually, what he goes is to ask about seven basic questions. The answers give a pretty complete picture of the car and its comparative value. Here's what he wants to know. How well do I like its looks?

That's one question, of course, that only you can answer. You're the one who buys the car and you, above anybody else, should be proud of its All we can tell you is that we hear a lot of nice things about Chevrolet's new styling. People seem to like the

new front-end and rear-end designs, and the way the bumpers curve even farther around the fenders. They like the new styling touches all around the car and the wide choice of bright new colors and two-tone combinations. A good many tell us that Chevrolet has a decided edge over the other cars in its field for smooth and graceful lines.

Who makes the body? This question takes in much more territory than the appearance of the

You can see the difference outside in the car, if you will. Feel the quality of the fabrics and notice the more generous use of vinyl trim. In all these ways, you'll find evidence of superior quality and workmanship. And after all, isn't that what you would expect in Body by Fisher? As you know, Fisher is the argest and most famous manufacturer of automobile bodies in the world. Doesn't it stand to reason that Fisher can build extra quality into

horsepower does for you.

safety of the body construction. That's why we think it worth your and safer passing ability. You get consideration that Chevrolet has the only Body by Fisher in the low-price

and inside. We'd especially like you A car's reputation for, and record of, to look over the new interiors. Just sit the Chevrolet body? It's there and

You hear a great deal of talk these days about engine power. The truth is that the number of horsepower isn't nearly as important as what the In this year's Chevrolet, you get increased power in two finer engines.

There's the "Blue-Flame 125" engine

improved acceleration, with greater quieter, smoother operation. You climb the steep hills with new ease. How hungry is it for gasoline?

economy of operation is certainly an people. We'd be glad to have you compare Chevrolet in this respect with any car at any price. And, in the case of this new Chevrolet, you do not have to sacrifice economy for finer performance and more horsepower. That's because

'Blue-Flame 115" engine.

the Chevrolet engines are high-compression engines. Their compression ratio of 7.5 to 1 is the highest in any of the leading low-priced cars. This means simply that the engine compresses, or squeezes, the fuel mixture to a greater degree in order to wring more work out of it. That's how Chevrolet is able to give you an important gain in performance along

with money-saving gasoline mileage -and on regular gas, of course Is it up to date in features? We can't think of a new feature or development you might want that

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

models at extra cost. In gearshift and thrifty Powerglide automatic models, you get the more powerful transmission on any model. You can have Power Steering on all models But, actually, the increase in and at a new, lower price. You can horsepower is only a sort of byproduct of design changes made for Controls on any Bel Air or "Twoother reasons. Chevrolet engineers Ten" model, and you can have were after greater engine efficiency. Power Brakes on any model equipped not just greater power. So, you get with Powerglide. All are, of course, optional features at extra cost.

How popular a car is it?

When you come right down to it. there's no better way to judge the satisfaction a car gives its owners than by its popularity. How many people buy it and keep on buying it? Well, as you may know, Chevrolet is by far the most popular car in this country. That's true today and it's been true for a good many years now. But it couldn't be true—or wouldn't be true-unless Chevrolet gave its owners an extra measure of satisfac-

How much does it cost? There's a short, sweet answer to that

one: Chevrolet is priced below all other lines of cars. This lower cost is made possible by the greater production facilities and purchasing power of the world's largest manufacturer of automobiles. That is why Chevrolet can offer you all the advantages we've told you about here-and many

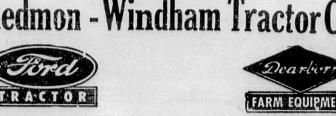

We'd be more than glad to have you see all these things for yourself and to try out this new Chevrolet on teamed with Powerglide automatic you can't have on the new Chevrolet. at any time.

### Fred Hataway's Caged Hen House

Fred Hataway, Kinston, Rt. 1, is shown at the cor ner of the caged hen house he recently finished for a total cost of \$350. Fred bought his materials and did all the work himself. He is just starting on the Purina caged hen program but built his house so that it could be doubled from its present capacity of 500 caged hens.

About the Purina Caged Hen program, Mr. Hataway says, "The Purina Caged Hen way is the only way I could get into the chicken business. A guaranteed market for my eggs, services in delivering the feed, vaccinating and worming provide an insurance for my investment. Otherwise with all my work on cotton and peanuts, I couldn't take on the additional work. I have only started the caged hen program but have enough faith in my investment to have built my house so that it can be extended and the capacity expanded to meet any market ! find and additional capital I acquire. My original construction costs on the chicken house are about \$350. I did all construction myself. I couldn't ask for any better advisor; service. Nobody is competing with Purina on servicing and providing a market. I can't see any more they could do."

WE ARE HERE TO HELP YOU MAKE MONEY

We are in business to help our customer make money on their chickens and livestock. Thorugh the Purina Caged Hen program it is possible to produce eggas at a cost low enough so that the farmer can make a good profit on his work and in-

## RE -- ELECT

## JOHN SPARKMAN

TO THE United States Senate

HIS RECORD

#### THE FARMER

A POSITIVE record for REA, RURAL TELEPHONES. FARM TO MARKET ROADS, and other farm legislation-JOHN SPARKMAN HAS introduced and passed more FARM LEGISLATION than any other person presently in the Congress of the United States, and it was a direct RESULT of his efforts that PEANUTS are, and have been kept as a BASIC COMMODITY, supported by

#### THE VETERAN

JOHN SPARKMAN introduced the bill that allows DI-RECT HOUSING LOANS TO VETERANS, he co-authered the GI BILL OF RIGHTS, introduced the FIRST SOLDIERS PAY RAISE OF WORLD WAR II, and authored THE SOLDIERS AND SAILORS CIVIL RE-LIEF ACT. A leading MILITARY MAGAZINE calls JOHN SPARKMAN, "THE BEST FRIEND THE EN-LISTED MAN EVER HAD"!

#### The Small Businessman

Until the Republicans came into power, JOHN SPARK-MAN was chairman of the SMALL BUSINESS COM-MITTEE OF THE SENATE. (Which committee the Republicans have discontinued). As chairman of the Small Business Committee, he was responsible for practically all legislation regarding SMALL BUSINESS. On several occassions he aided in enforcing the ROBINSON -PUTNAM ACT which protects SMALL BUSINESS from the Big Monopolies.

#### COFFEE COUNTY

Rather than offering his services through speeches and correspondence, JOHN SPARKMAN DID PERSON-ALLY investigate thoroughly and cooperated to the fullest with DELEGATIONS from OUR AREA, using his influence in appealing to the Secretary of Defense and Secretary of the Army FOR THE RETENTION OF CAMP RUCKER!!!

He has directly aided the Coffee County farmer more than any living individual!

## Let's Keep Him in the Senate

## Mould you trade a Penny for a Dollar?

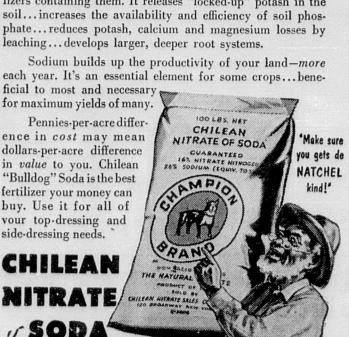

usually can be measured in pennies per acre, while the difference in *value* often amounts to dollars per acre.

Chilean "Bulldog" Soda gives you generous extra value The nitrogen is 100 per cent nitrate. It's 100 per cent available (quick-acting); 100 per cent dependable. The minor elements make crops stronger, healthier. The sodium-26 pounds in every 100-pound sack-is a key to maximum returns on your entire fertilizer investment. It offsets the bad effects of acidforming fertilizers...increases the efficiency of mixed fertilizers containing them. It releases "locked-up" potash in the soil...increases the availability and efficiency of soil phosphate...reduces potash, calcium and magnesium losses by leaching...develops larger, deeper root systems.

Sodium builds up the productivity of your land-more each year. It's an essential element for some crops...beneficial to most and necessary

for maximum yields of many. Pennies-per-acre differlollars-per-acre difference n value to you. Chilean Bulldog" Soda is the best buy. Use it for all of vour top-dressing and
